

## **Procedures for School Closing due to Weather**

**In prior years it was the policy for the school that parents could “follow” the direction of the Pittsburgh School District. If they had a delay, we had a delay or if they were closed, we too would be closed.**

**Because Pittsburgh is virtual until April, we will be making the determination regarding weather.**

**Because we are a “One-to-One” school, students have the capability to login and attend class virtual when we are closed. Our school day will begin at 7:50 AM and all students must be online and in class by that time.**

**The following procedures will be followed in the event the school is closed due to weather.**

- An OptionC announcement will be sent as soon as it is determined that weather conditions are such that school will not be open for the day. This will be sent to your email, text message and voice mail.**
- I will contact the TV stations to inform them that we will be closed, and they will include us in their rolling announcement.**

**Please note: we will either be open or virtual. The two-hour delay is no longer an option. The main reasons for this... districts are inconsistent in calling a delay, transportation is a major issue and there is time lost in delay schedules.**
